Thank you for your support in 2012, keep an eye on the website for details on 2013

<http://www.irace.net.au>

Scratch grid is based on each drivers best overall time from either qualifying session

Progressive grid is based on finishing positions in preceding race

Handicap grid is based on each driver's best time from either qualifying session, and is calculated to bring all cars together at 80% race distance, fastest cars may have a time, lap and grid position handicap to make up on slowest cars (achieved by time release start in groups)
